49ers quarterback Alex Smith with wife Elizabeth Barry.

Things aren't all bad for Alex Smith, the 49ers QB who was sacked 44 times last season.

While the 49ers didn't come out winners on Sunday battling it out against the Giants, Alex Smith sort of did.

[The SFist](#) cites a press release from [NuVo Condoms](#), stating they have awarded the quarterback with 144 free condoms, because, well, they feel he needs more protection.

Evidently this is supposed to last him until next year's season kick off.

Good job, man.
